

# INNO-SIGN A/S

## COMPANY PROFILE

### About us

Inno-Sign is a Danish Company with its own in-house production of quality displays and electronics.

Since 1993 we have been manufacturing high performance Electronic Signs for a wide range of applications. We supply optimum and reliable display solutions.

Inno-Sign A/S is a subsidiary company in T.E. Holding A/S and a member of the group, which also includes Tommerup Elektronik A/S

### Vision and objective

We have become one of the leading companies for the sourcing of reliable display systems in Europe and intend to retain that position.

### Service & support

Inno-Sign has its own after sales service with skilled engineers to provide assistance in troubleshooting and solving problems.

### Products
